

Welcome to Shane English School Japan

Established in Chiba prefecture (a suburb of Tokyo) in 1977, Shane English School Japan (SESJ) currently operates more than 200 Direct Teaching Establishments (DTE) and Franchise (FC) schools throughout the country. Whilst the vast majority of these schools are located in Tokyo and the surrounding area, a growing number have been opened in cities such as Nagoya, Fukuoka, Osaka and Kobe. SESJ is the largest, private British English school in Japan, providing tuition to more than 30,000 students of a range of ages and levels every year. Those planning to teach English abroad, and more specifically, looking into tefl jobs in Japan, will be pleased to learn that Shane English School employs more than 400 tefl teachers. Vacancies for English teaching jobs with SES Japan are to be found throughout Tokyo and its sprawling conurbations. Please check the vacancies section of this website for current positions we are seeking to fill.

SES Japan's sister language school, Shane Language Services (SLS), provides in-company business English lessons and also supplies teachers for on-site Kindergarten lessons. SLS operates one school in Roppongi, central Tokyo. Thanks to its commitment to teacher qualifications, training and support, and to its production and use of highly regarded teaching texts and materials, SESJ has built an enviable reputation over nearly 30 years as a school that prides itself on quality, value and excellence.
